Cost Controller-Corpus Christi

Good Morning,

I have a new vacancy for an intermediate level Cost Controller, preferably with experience on large pipeline construction projects, for a roughly 9 month contract in Corpus Christi, TX. Qualified candidates must have experience with invoice reviews of construction contracts where the delivery type is more complicated than fixed price or unit price. Someone with a lot of cost plus and T&M experience would be ideal. This position will be on a 5/50 schedule though some weekend days may be required. Our client is looking to pay between \$45-50/hr in addition to per diem. Trips home will also be given every 3 weeks. The client is ideally looking for candidates in the Corpus or Houston areas.

If you, or someone you know, may be interested in the position, please reach out!
