

## Specialist, Cost Control - Houston

KBR is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, disability, sex, sexual orientation, gender identity or expression, age, national origin, veteran status, genetic information, union status and/or beliefs, or any other characteristic protected by federal, state, or local law.

### Specialist, Cost Control

Forecasts, controls, and reports costs needed within an organization. Develops and provides variances, trending and analysis of expenditures, and completion reports. Reviews costs incurred by category, calculates future costs based on labor productivity, material price increases, subcontract, wage rates and risk analysis. Under general supervision, and occasional direct supervision, performs assignments requiring experience and knowledge of standard concepts within project controls. Displays core competencies by analyzing possible solutions using standard procedures while developing advanced skills.

Skills required for this job are typically acquired through the completion of an undergraduate degree and 3+ years of experience, or equivalent work experience in lieu of degree. Candidate should have previous cost control experience on U.S. Government Services projects.

Candidate will have the following skills:

- Advanced Microsoft Excel skills.
- Microsoft Access skills.
- SAP knowledge accounting and procurement modules.
- Database management experience.
- Analytical skills.
- Ability to create various templates in Excel using advanced formulas.
- Ability to create and modify Access applications.
- Ability to create and improve cost processes within the project by automating processes and methods.
